Joyce,

Let me start by saying that I have really enjoyed knowing you and most of all coming to school with you. We have really had lots of fun at school together especially in Home Ec. Boy we really did have a blast in there. I really do like you an awful lot and I hope that you like me a lot, too. May you have the best things in life, for you deserve the very best. Gee, I sure wish that I was as smart as you. Well anyway I'm in the Beta club. I wanted so bad to be a marshall at graduation but I just didn't. Oh, well! I had better close now. Hope to see you here next year as a senior. Just think we'll actually be Seniors! May the good Lord bless and keep you all the days of your life. Hope you have a wonderful summer. Psalms 19:14.

Love a friend,
Reno

Best of Luck
to you always,
Joyce. May you
have great success
in everything you undertake
to do. Stay as nice and cute
as you are now and you'll
always have friends.
Love,
Glenda

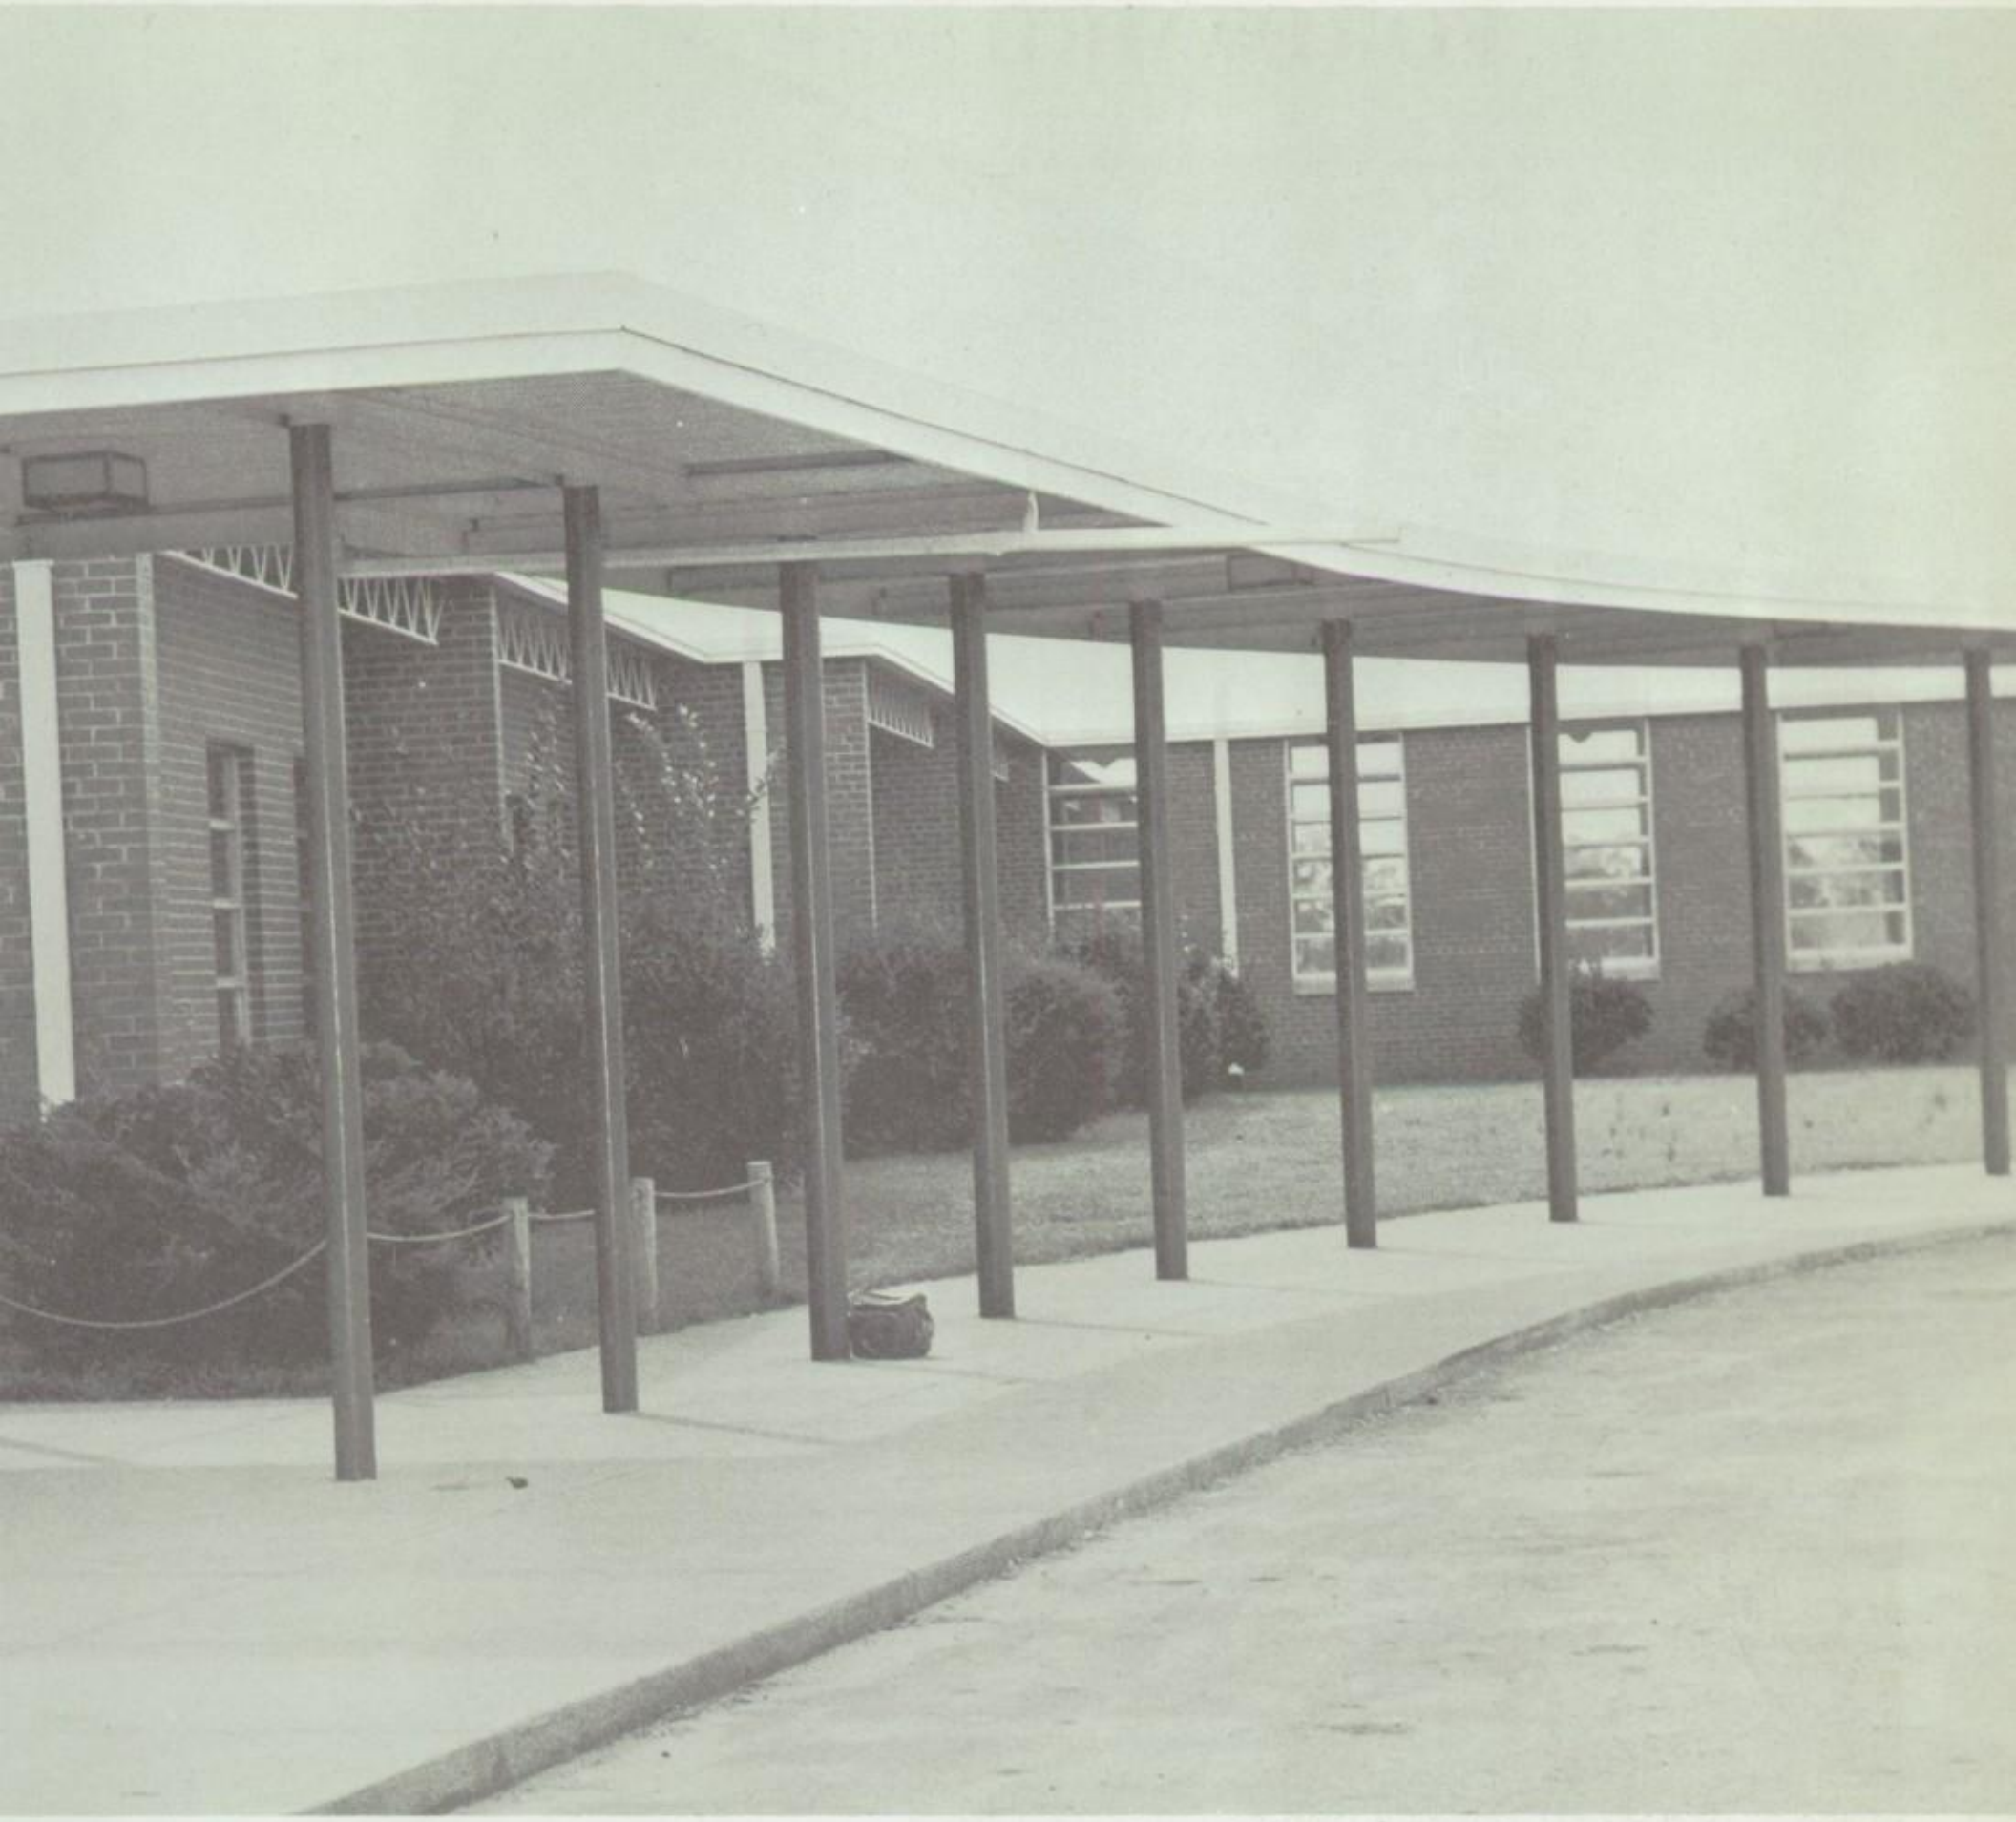
FOREWORD

For eleven years the flag has rippled in the breeze above Blue Ridge High School, while students and faculty looked for inspiration to the rolling hills of the Blue Ridge mountains. Many thoughts of happy days spent in living and learning together will remain with us through success and failure. This book is presented for the purpose of binding these memories in a permanent volume for your reflection through the years.



BLUE RIDGE HIGH SCHOOL

Greer, South Carolina

SEPTEMBER

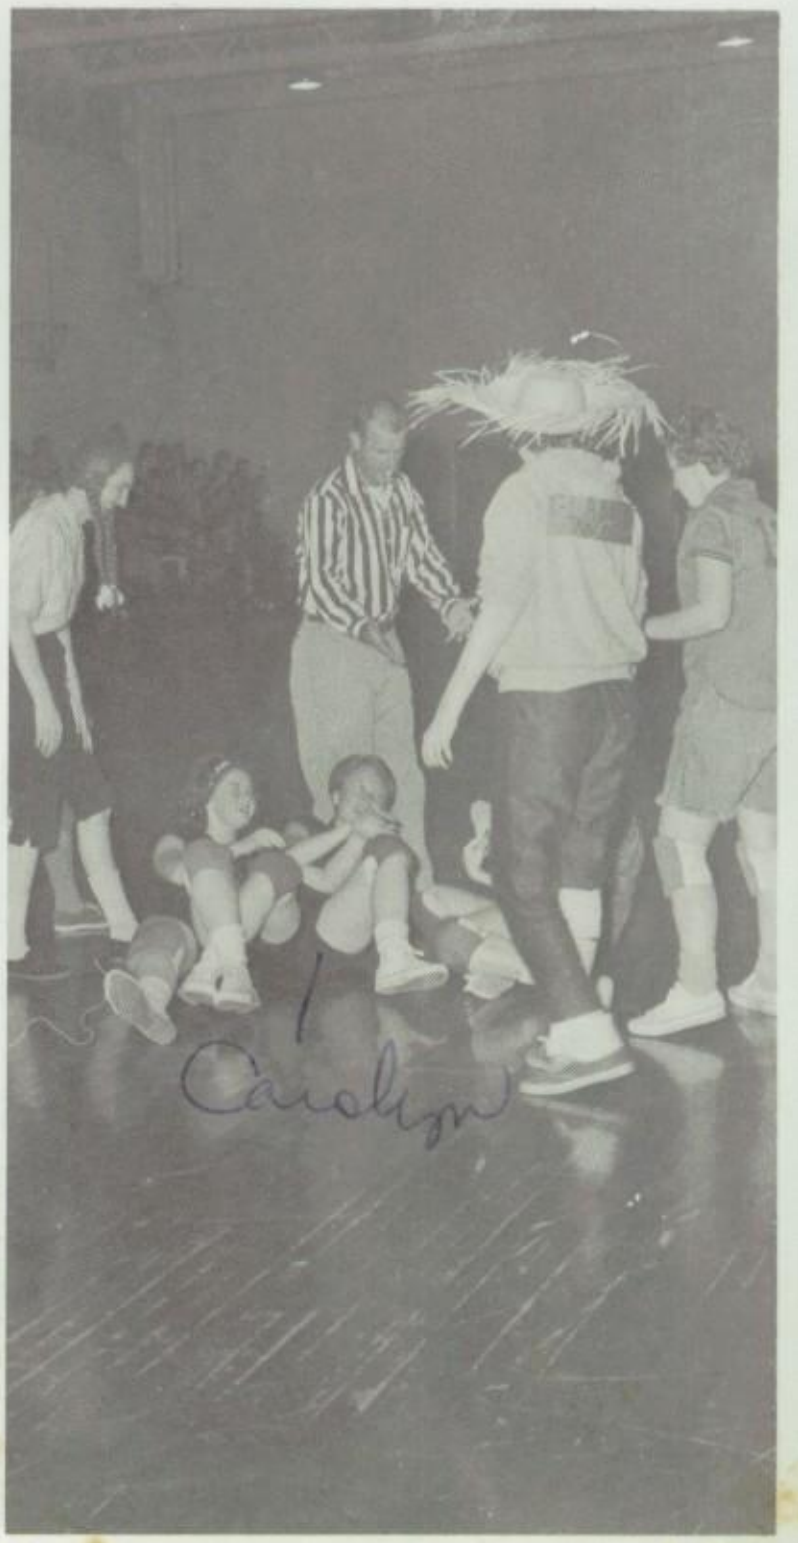
September is a busy month,
With schedules, books, and such.
But with leaves of red and brown and gold,
School takes on a magic touch.

OCTOBER

Football rises to fit the occasion;
Then the Fair makes it annual run.
Crowds turn out to see Homecoming,
To make October a month of fun.

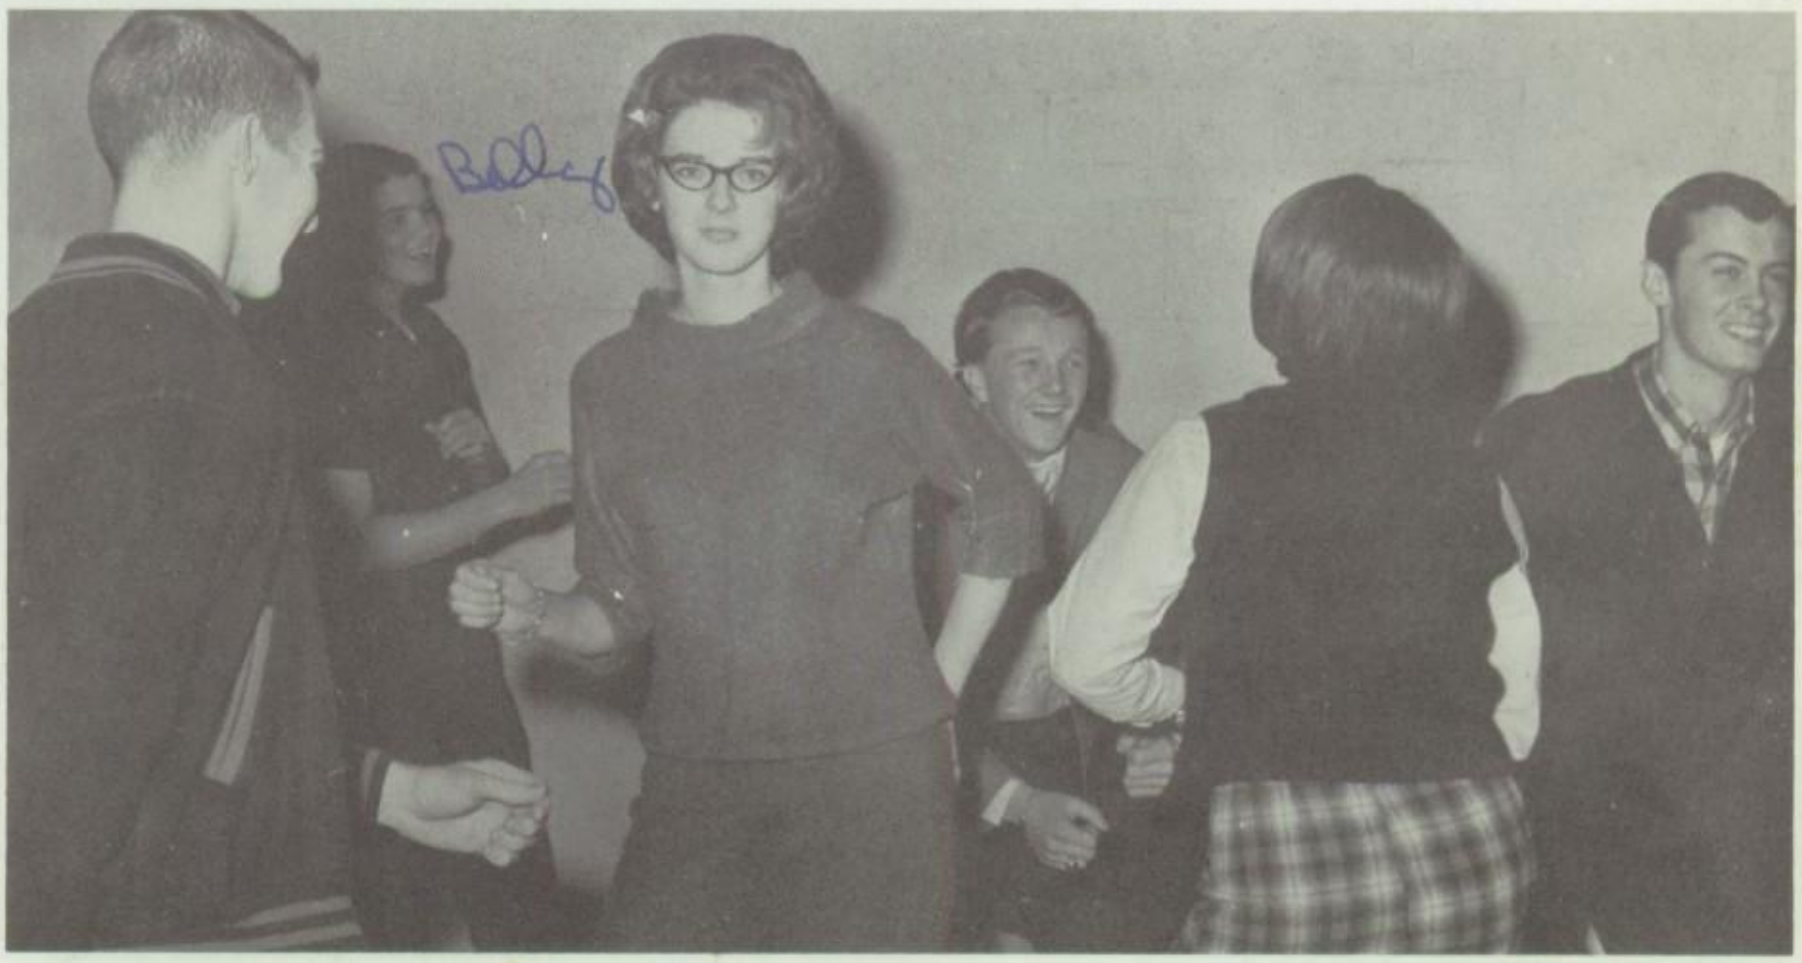
NOVEMBER

Report cards come in this month;
Just see our faces now!
Then the faculty makes its debut,
On the basketball court; (And how!)



DECEMBER

December comes upon us,
With dances and parades.
Then Seniors get their high school
rings—
If they haven't been delayed!



JANUARY

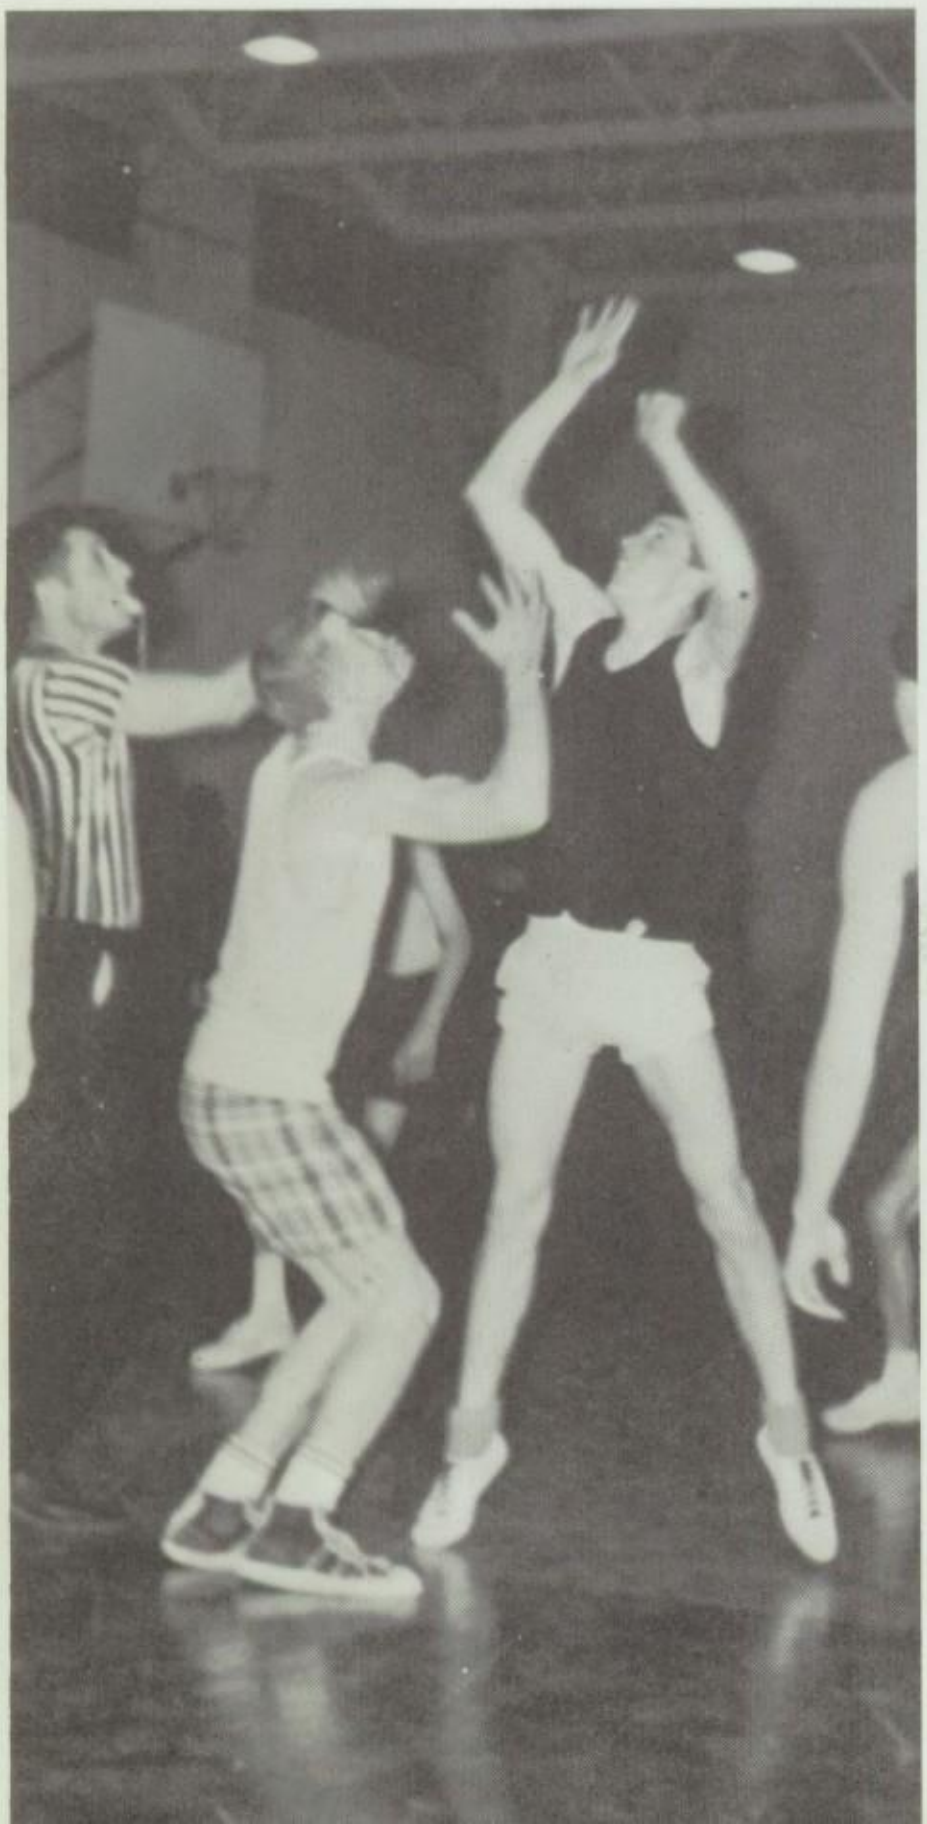
School starts again, as ever.
There are diamond rings galore!
Exams can't be forgotten—
We must study more and more!

FEBRUARY

The spotlight's now on February,
When basketball is on the wane.
The Juniors are selling doughnuts like mad,
And Cupid has touched hearts again.

MARCH

March is when the Junior play
Makes its annual run.
Grade tournaments take their turn,
too;
And science classes work just for fun.

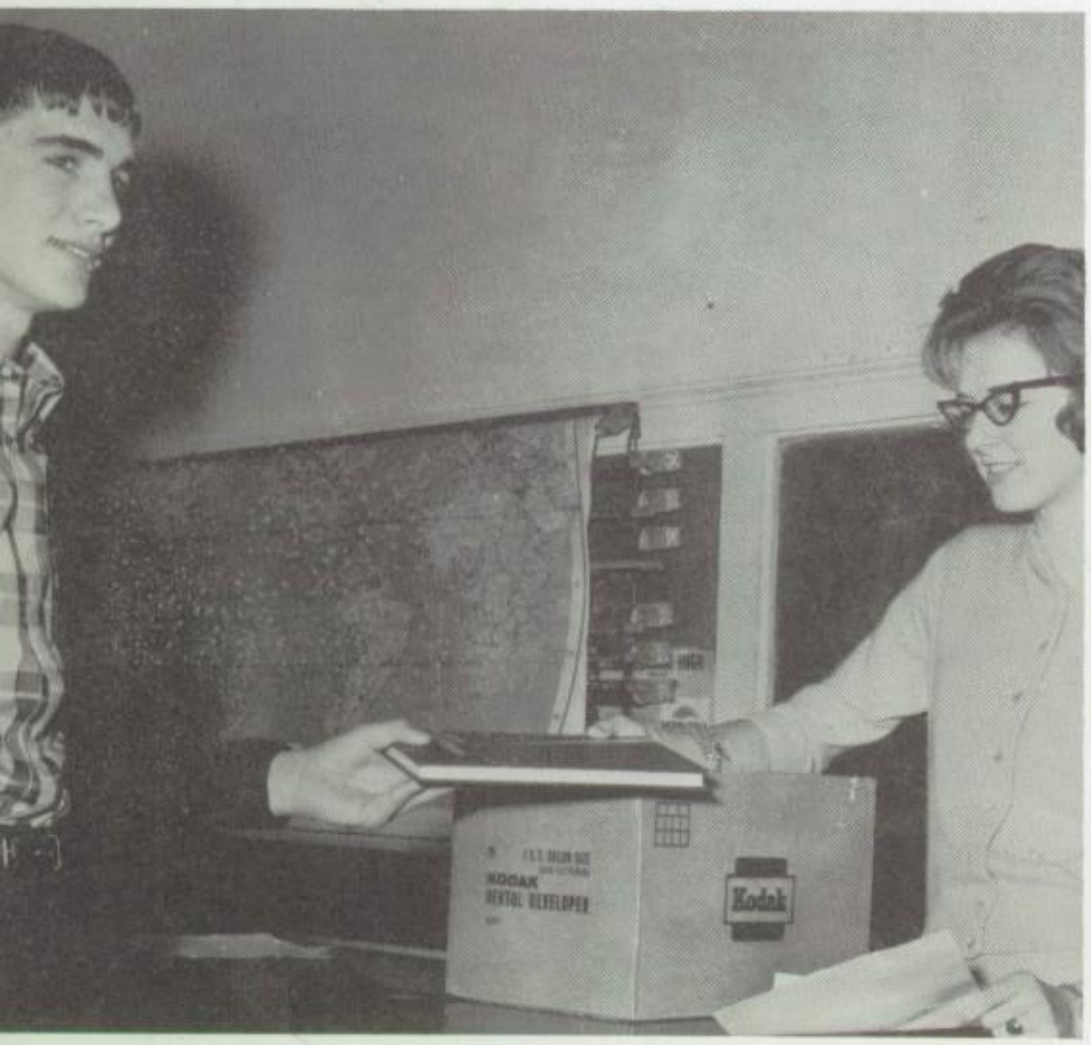


APRIL

Junior-Senior is always a gala affair,
With ties and tux and gowns.
Sometimes a telephone call is a must
When election time rolls around.

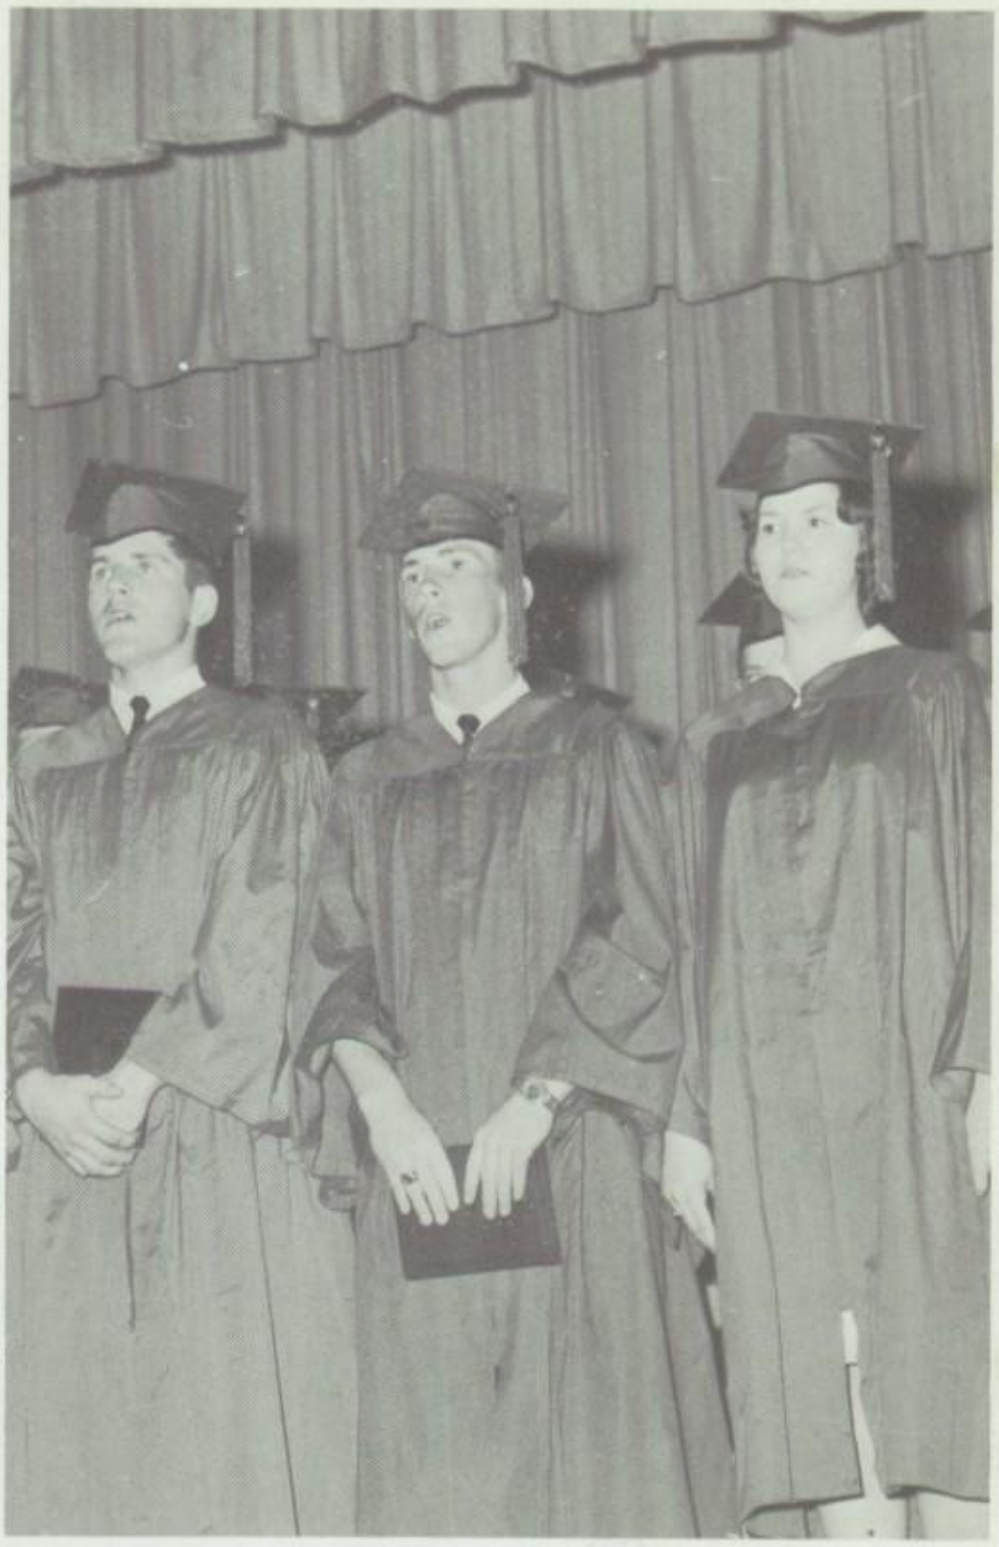
MAY

Annual Day arrives with glee;
The chorus makes its debut.
Studying is almost a forgotten chore,
With Springtime so enchanting to you.



JUNE

This school year is almost gone;
The Seniors have a tearful eye.
Now the halls, with sorrow say,
It's time to leave, to say goodbye.



We Salute

Before Blue Ridge was even founded, there lived and labored in our area, one whom we came to love and respect for his knowledge of agriculture, his interest in youth, and his contribution to our way of life. In appreciation for that which he has done for us, for our homes, and for our community, we the staff take pleasure in saluting

MR. JOHN P. PICKENS

FACULTY AND CURRICULUM

ADMINISTRATION

There are many operations behind the scenes of which we are never aware. Orders, reports, bookkeeping, audits, telephone calls, bus problems, schedules, discipline, guidance, curriculum, and personnel—these are only a few of the things that comprise the basic function of administration, that of improving the learning situation for every student.

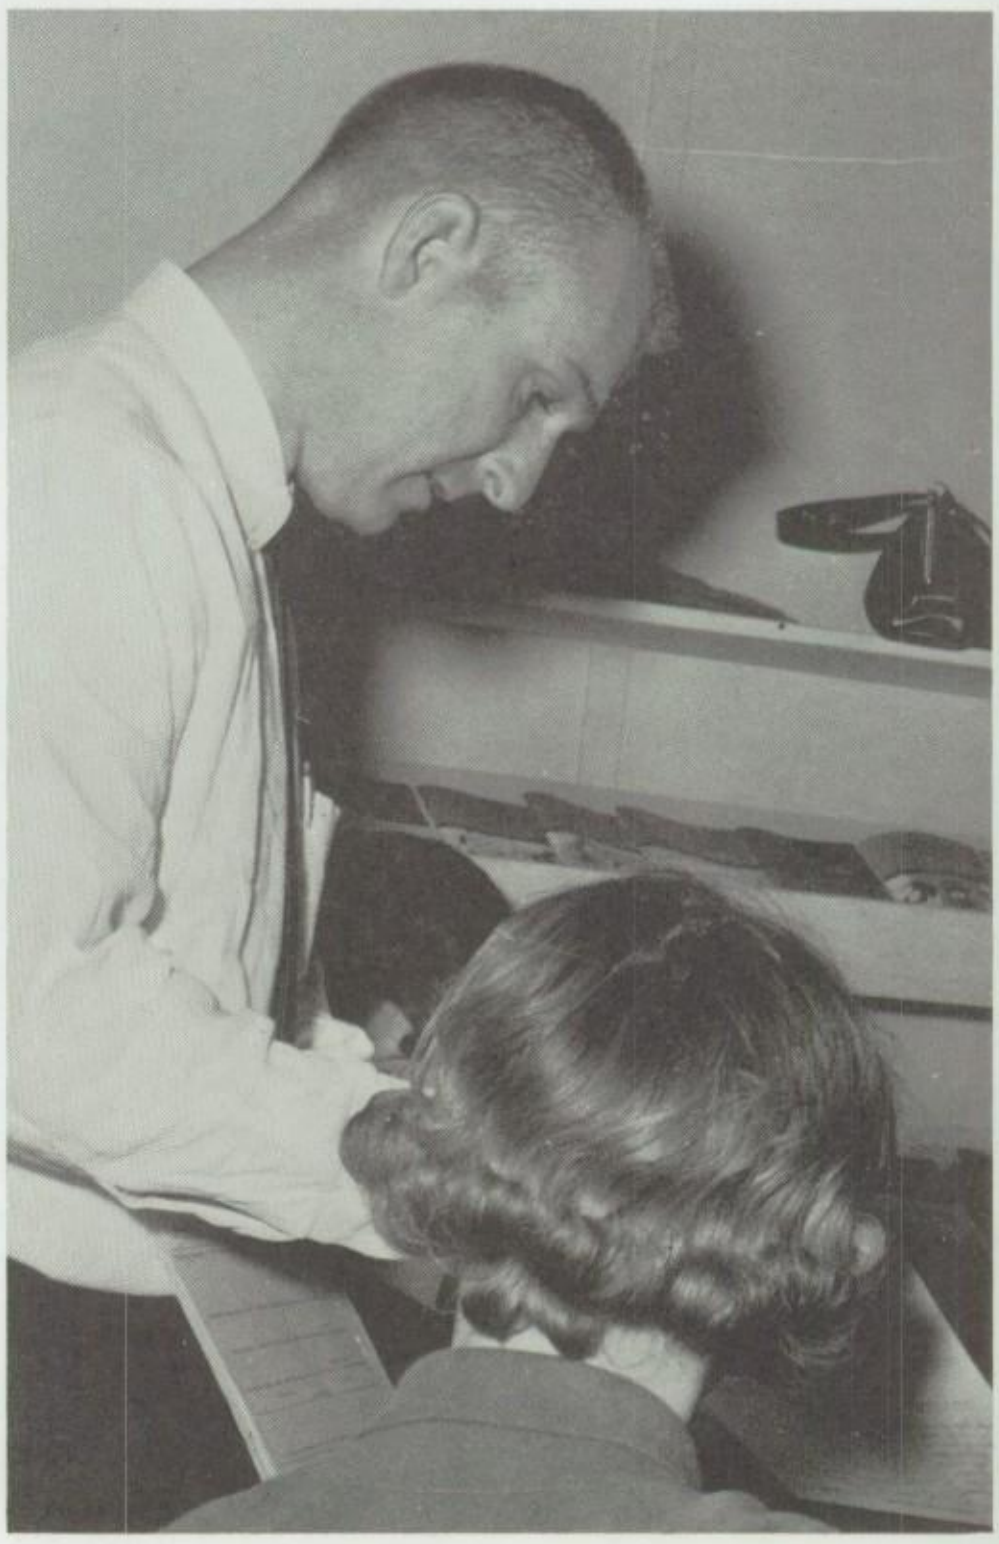
MRS. FLORENCE J. CRAIN

HOMER H. VOYLES
B.A., M.Ed.



GUIDANCE

Our guidance counselors seek to assist each student in understanding himself, accepting himself, and realizing success consistent with his abilities, his values, and his responsibility to society. This is achieved through our program of testing, personal conferences, records, and planning of courses.

HOMER H. VOYLES
B.A., M.Ed.
MRS DORIS E. DOBSON
B.A.

EIGHTH GRADE

Courses in English, science, general mathematics, and South Carolina history help to give the students a better understanding of the world about them as well as to prepare them for further education. Educational television has proved helpful in the study of South Carolina history this year.

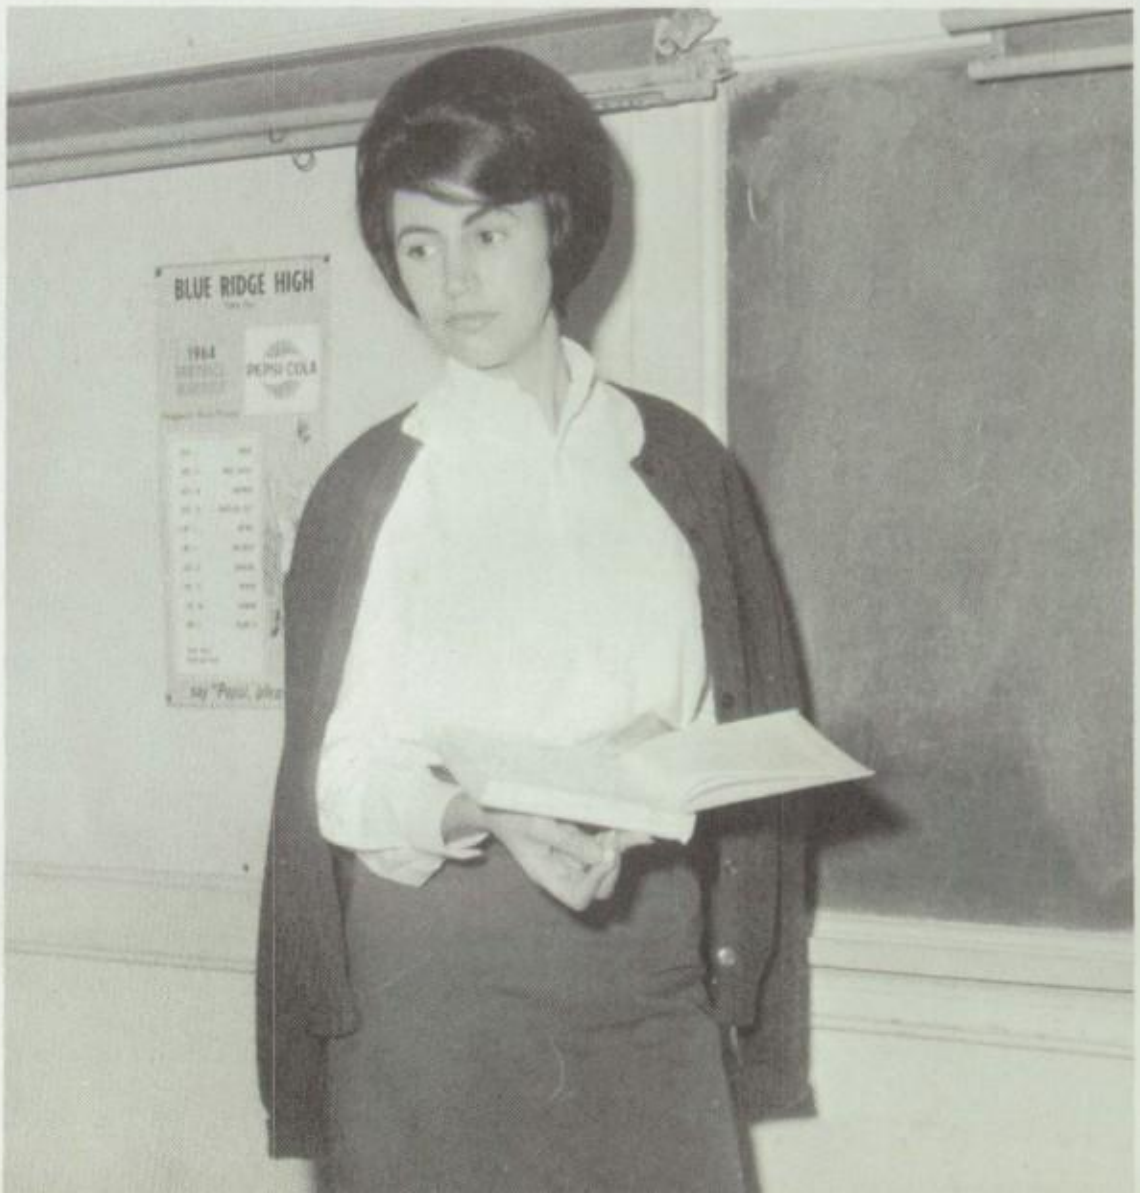
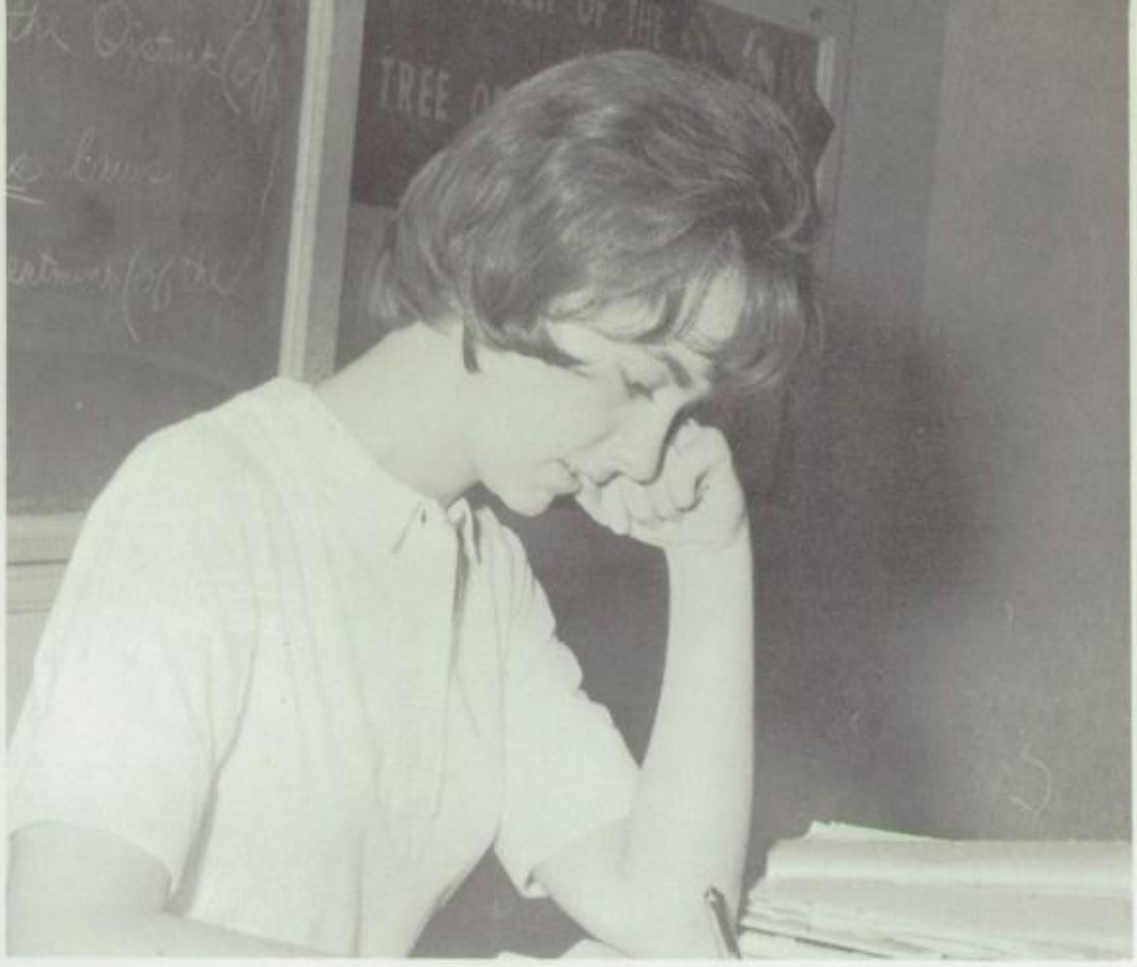
To a former student that I admired very much- may all the good things I wish come your way. You deserve the best. - John Wood

MISS VOULA BITZAS
B.A.





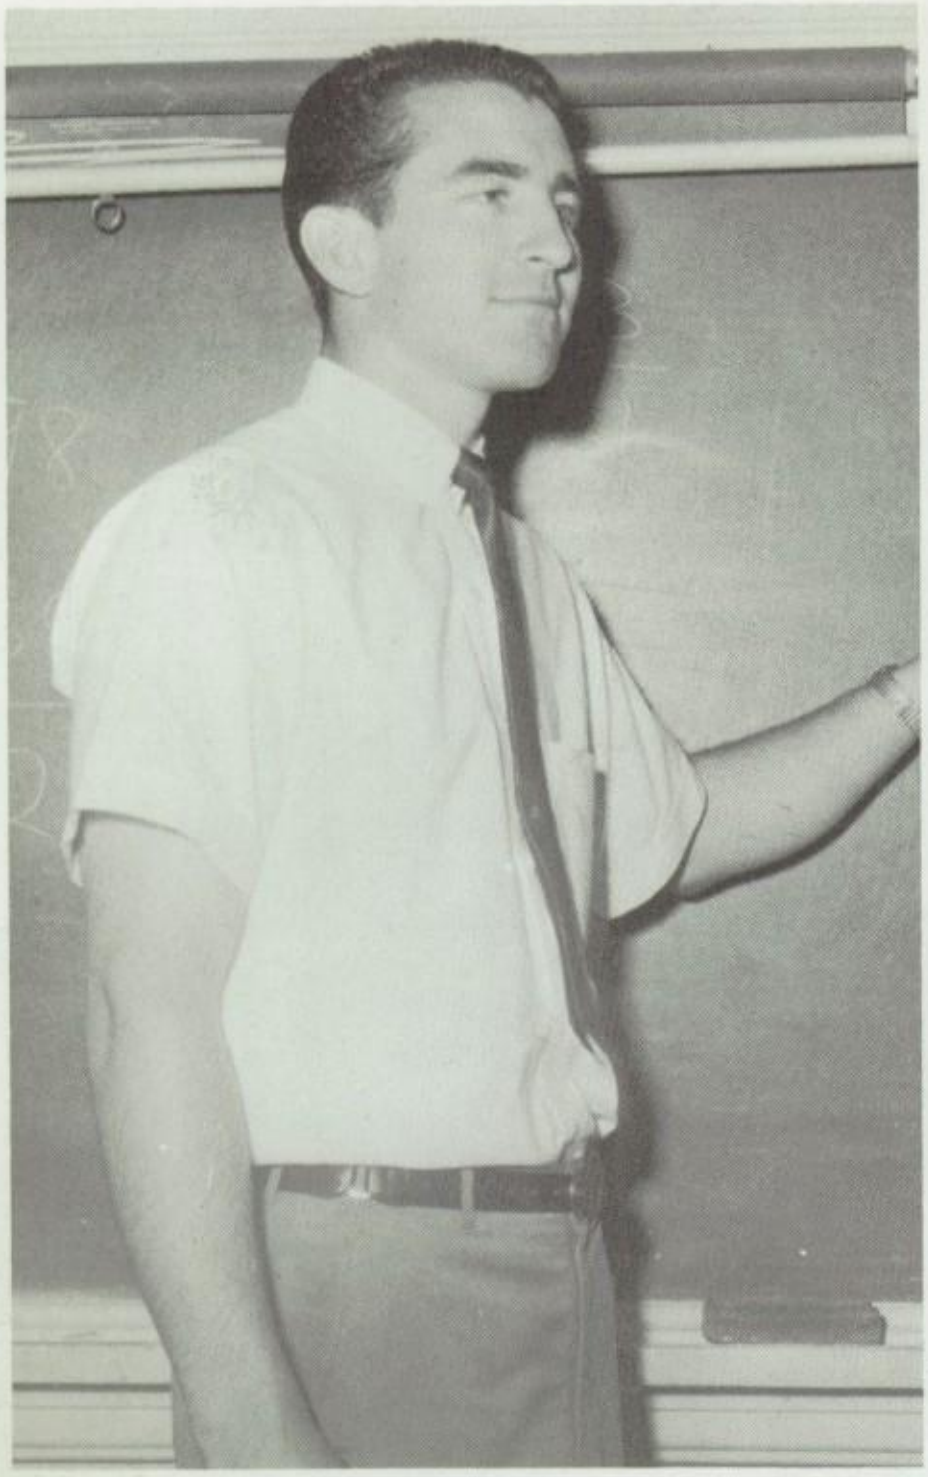
ENGLISH

Through the five English courses available, we seek to develop in students critical thinking, creativity, and an appreciation of that which endures in literature. We also include the fundamental skills of writing, effective reading techniques, and acceptable speech habits.

MISS KATHERINE HARRELL
A.B.

MRS. EVELYN G. ANDERSON
B.A.

MRS. JOAN McINTURFF
B.S.



RICHARD BATSON
B.S.

MATHEMATICS

In the department of Mathematics we seek to give our students the fundamentals that would enable them to solve the mathematical problems of everyday life and also give the college bound student a basic foundation for higher mathematics.

MISS MILDRED FEW
B.S.

SCIENCE

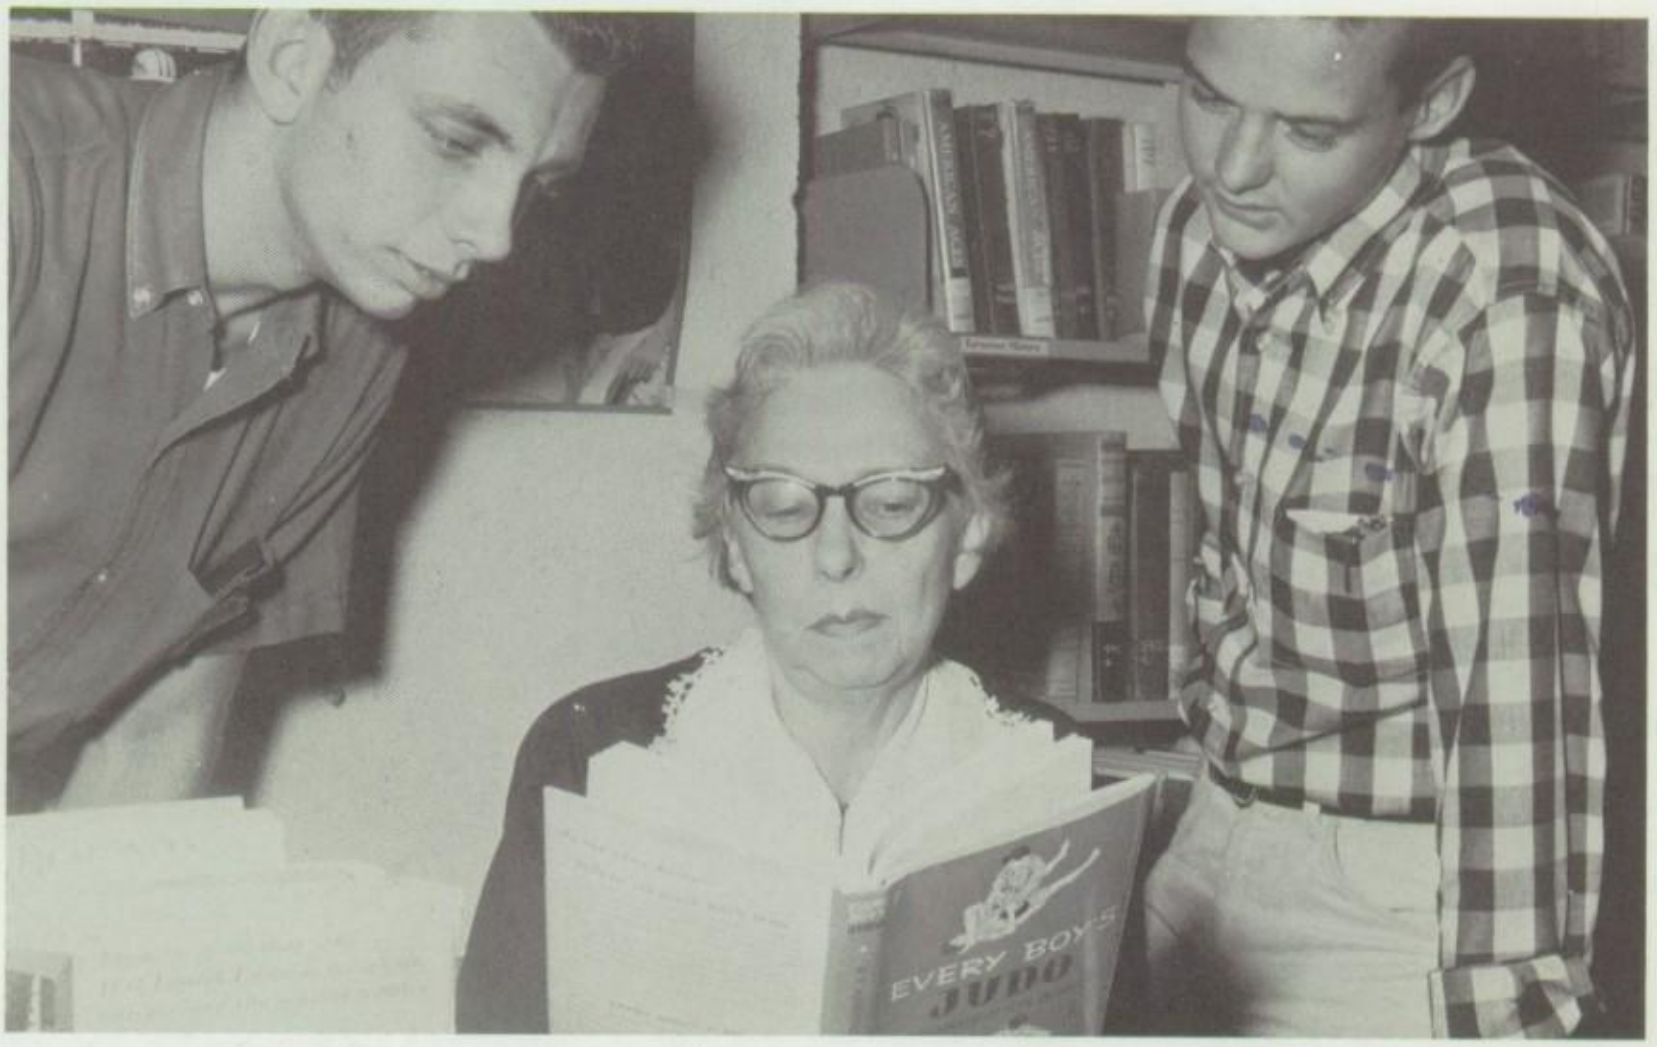
In today's changing world of technology, we seek to give each student an appreciation and understanding of his relationship to his environment. The content and processes of science can be used to challenge every student regardless of his educational or vocational goal.

FOREIGN LANGUAGE

French provides students with a knowledge of a modern language and seeks to develop some facility in speaking, reading, and writing. Emphasis is also given to an appreciation of the French people and the culture that is theirs.

MISS GLENNA CARRUTH
B.A., M.Ed.

MISS MARY BERRY
A.B., B.S., M.S.



LIBRARY

The objective of the Blue Ridge High School library is to provide boys and girls with materials and services most appropriate and meaningful in their growth and development.

HOME ECONOMICS

Homemaking education helps girls gain skills and an understanding of human relationships which will help them achieve more satisfying family life today and in the future.

ROBERT C. CHASTAIN
B.S., M.Ag.Ed.

AGRICULTURE

The objective of the program in agriculture is to train boys for proficiency in farming, and related agricultural occupations, as well as to develop leadership in these boys. We also provide training for adults already engaged in farming.

MUSIC

The band and choral music program seeks to familiarize students with various kinds of music and to develop in them an appreciation and enjoyment for music that will enrich their lives.

WALTER A. LEOPARD
B.S.

MRS. PAMELIA K. MARTIN

MISS ELIZABETH CRAIN
B.S.

ANSEL B. McMAKIN
B.A., M.S.

PHYSICAL EDUCATION

The physical education department is organized to develop physical fitness, sportsmanship, recreational ability, an appreciation for health and exercise, and desirable social and leadership qualities.

BUSINESS EDUCATION

The first major purpose of business education is to develop students who will be intelligent consumers of business. The second major purpose is to provide specific vocational training through skill in the fundamental processes, use of good work habits, and development of a good personality.

ACTIVITIES

Joyce
It's been great getting to know you these past 3 years. Remember we had Geometry, Algebra II, and Algebra I together and you & I've sat in the same places all three years, too! We've had many, many, hilarious times in Geometry, especially, with Rewonda and Sandra! You were also such a "well-behaved little girl" while we were such "show-offs". Like we "Kennon" (Jimmy Cannon), Sandra & I had that wet-sponge battle. You sure kep us straighted out in Geometry. Like we Sandra and I would rumble out our silly laugh. Remember when we ate the cheese sandwich, crackers, and dill pickles - And to top it all off, the dill pickles rolled out in the floor - Remember all the other times when we ate in Geometry. You were so funny that day when I asked you did you want some & you said "I believe I will" and right in Sandra yelled "Don't eat them! They were on the floor!" (I'll never forget that! I couldn't even if I try to!) I'll always remember all our fun in "Math". I hope we get "Reg" together next year - if we get to take it - I don't really care if we don't get to take it - I'm getting tired

me

Best of luck to a
real great girl! Haven't
we had fun this year?
Especially in Geometry.
May the best of
everything be yours
because a nice girl
like you couldn't deserve
less.

Love Always,
Pat Ann

ATHLETICS

Best wishes
and lots of luck to
a real nice and
sweet girl. Always
be the same as you are
now and you will succeed in
everything you do.
God bless and keep you.
Love,
Genevieve

Joyce,

It has been so much fun knowing you and being your friend for the past three years. I will never forget your helping me in Algebra I & II. Really and truly I appreciate it so very much. If you weren't a true friend, you would not have done this for me. I shall ever forget the the good times I had with you on the bus talking and having a lot of fun. Even though I am finishing school this year, I hope that we continue to be good friends and to see one another.

Joyce, I think you are a real sweet, thoughtful and cute girl. I hope all your dreams come true. I hope you may go to college - if possible. You sure could make good in College because you are "brains".

I shall always remember you as a true friend and a very sweet girl. May you keep up your good grades and have the "scare" that I will have for tomorrow night.

May God bless you in everything you undertake to do. Good luck and best wishes for a happy and successful future.

Love always your

Reserved (Bonnie Lou) (There's a P.S. on page 107)

Dear Joyce,

It has been a real pleasure going to school with you this year. Your friendship has truly been wonderful. I shall never forget the sweet girl who was my friend. I hope that life will give you success and the best it has to offer. Remember all the fun we had in Miss McKown's study hall? It was lots of fun! Lunch was lots of fun too. I had to make a pig of myself and eat your rolls. Can you ever forget that?! I all those horrible Algebra problems that you helped me with! I don't think I would understand Algebra at all! Just think of all the work we did on all those bulletin boards for Mr. Twidy! Hours & hours & hours!!! Even though we have had lots of fun together, we've also had lots of moments when we were both happy and solemn. When the marshalls were announced, I was overwhelmed & were so happy that you were one, too. And then when the baccalaureate service was held, we were so nervous!!! But just think of graduation night; its going to be lots worse! In home ec. we had more fun than anywhere else. Remember when I made biscuits & it was the first time I ever had? Then I got all that gooey dough on my hands & couldn't get it off? I think we should have about a week off from school (home ec. anyway!) because we certainly washed enough dishes, didn't we? I bet we washed enough dishes for the Army, Navy, Air Force & Wac combined. Again, I say best wishes & good luck for a happy, successful future. Life will surely give you its best for you deserve it. Lots & lots of love,

Judy (Resend)

Dear Joyce,

I enjoyed going to school with you this year. I hope we are in the same rooms next year together. Joyce you are one of my best friends and I hope you consider me as one of your best friends. Joyce, you are a very sweet, nice girl that I have ever meet at school. Joyce, I hope you have best future and that anyone can have. Joyce we have had such a good times together as well as when I went there with you and also when you can come with me. Boy, I sure have had some ball this years. I hope we have lot more fun next year. God keep you and bless you until next year. Good Luck forever

Love friend
-Judy

Best wishes and the best of luck to a real some nice girl.

always "Dear"

Joyce (Freto) Reserved (Sandra Styles)

I'll never forget the grand ole times we've had in geometry. Just think if it hadn't been for me you'd have eaten a dirty ole freto - how horrible! Ever time I see fretos I always think of you "Yes, I think I will." And I can't look a dill pickle in the face without thinking of the time we had cheeze sandwiches & dill pickles in geometry class. Remember when mine rolled accross the floor & Mr. B came over & I put my foot on the pickle. Joycey, I'll never forget you not only because of the zany times in geometry but also because you are just downright likable, sweet, cute, & just plain nice. I'll always value your friendship and will be plum mad if you don't come visit me this summer. Anytime you're at Mrs. Ray just come on down. Have fun in Beta Club & think about me & how much I miss everything. Best wishes to a sweet & very deserving girl (I think you're a girl!)

Dear Joyce,

It really has been great knowing you these past few years. You don't know how much your friendship has meant to me. You are really a swell girl. We had fun coming to the Junior-Senior together didn't we? You really looked good! I'm glad we are good friends and go to the same school and church. I hope you will always be the same sweet and cute girl you are now. May God bless you with all the good things. You really deserve them. I'll look forward to our senior year together. I know we'll have as much fun as we have in the past. Please stay the sweet and wonderful friend you are now. I'll remember you always. I think the world of you!
